ABOUT US

Coin98 Network is a decentralized finance (DeFi) platform revolutionizing the financial landscape with its innovative solutions. Our suite of products, including Coin98 Wallet, Coin98 Exchange, and Space Gate, offers users access to cross-chain swaps, staking, and yield farming across multiple blockchains. Co-founded by Thanh Le and Vinh The Nguyen from Vietnam, Coin98 aims to bridge the gap between traditional finance and DeFi, providing seamless access to various services. With the C98 token at its core, Coin98 empowers users with utility and governance, paving the way for a decentralized financial future.

Mission

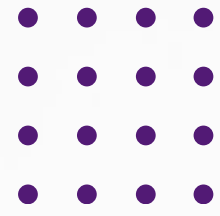

Our mission is to provide a cutting-edge platform, powered by the Coin98 token on the Bep-20 network, enabling users to build larger teams and unlock unprecedented profit potential of up to 200%. Through seamless integration with BEP-20 tokens and accessibility across 90+ exchanges, we aim to democratize financial opportunities and lead the way in pioneering non-working mechanisms for sustainable growth and prosperity.

Vision

Our vision is to revolutionize the landscape of Web 3 lifestyle applications, empowering users to maximize their investments and earnings through innovative mechanisms while fostering a collaborative and inclusive community.
